Add Expense

+ Add @ Apps

Description

As a GranaBox user, I want to add a new expense, so that I can keep my personal finances organized.

Acceptance Criteria

GIVEN that I am using the GranaBox app, WHEN I click on "Add Expense" THEN the system should allow me to enter the amount, category, and date of the expense.

GIVEN that I have filled in the expense details, WHEN I submit the form THEN the system should save the expense in the database and update the financial summary.

Details

Story point estimate 3

Definition of Ready (DoR)

- ☐ The stories must be written using the INVEST model.
- ☐ The stories must be estimated.
- ☐ The story must be refined.
- ☐ Have test data available.
- ☐ Architecture must be designed.
- ☐ Development environments must be ready, and developers must have access.
- ☐ The homologation environment must be ready.

Definition of Done (DoD)

- ☐ Unit tests are validated.
- ☐ Functional tests are approved.
- ☐ Average performance in the environment.
- ☐ Automation implemented.
- ☐ Acceptance criteria are met.
- ☐ Code is reviewed.
- ☐ Product Owner approves the story.

Track Income

+ Add

@ Apps

Description

As a GranaBox user, I want to record my income, so that I can keep track of my earnings.

Acceptance Criteria

GIVEN that I am on the income tracking screen, WHEN I click on "Add Income" THEN the system should allow me to enter the amount and select the income category.

GIVEN that I have filled in the income details, WHEN I submit the form THEN the system should save the information and update the monthly summary.

Monthly Summary

+ Add

@ Apps

Description

As a GranaBox user, I want to see a summary of my expenses and income for the month, so that I can understand my financial status.

Acceptance Criteria

GIVEN that I am on the home screen, WHEN I select the "Monthly Summary" option THEN the system should show a detailed summary of expenses and income.

GIVEN that I click on a specific month, WHEN I select it THEN the system should show the corresponding monthly summary.
